deco style

L'ispirazione di questa serie nasce dal cotto fatto a mano smaltato in modo artigianale che, con la sua inconfondibile superficie spatolata, regala da sempre riflessi e tonalità inconfondibili.

Sfruttando lo stato dell'arte delle più recenti tecnologie produttive, il prestigioso e ormai raro procedimento viene metabolizzato e rinnovato in chiave moderna dove la forza del matt e la grazia del glossy si rincorrono rendono ogni ambiente unico e irripetibile, utilizzando la resistenza del gres porcellanato che lo rende estremamente versatile.

The inspiration for this series comes from handmade terracotta glazed in a traditional way that, with its unmistakable spatula surface, gives distinctive reflections and shades.

Taking advantage of the state of the art of the most recent production technologies, the prestigious and now rare process is renewed in a modern key where the strength of matt and the grace of glossy, make each room unique and unrepeatable, with the advantage of the resistance of porcelain stoneware which makes it extremely versatile.

Die Inspiration für diese Serie entstand durch das handgefertigte Cotto, dass auf traditionelle Weise glasiert wurde und damit eine unverwechselbare Spachteloberfläche mit unvergleichbaren Reflexen und Farbtönen erzeugt.

Die Zusammenführung von Tradition und Moderne durch neueste Produktionstechnologien des inzwischen wertvollen und mittlerweile seltenen Verfahrens, verbindet die Stärke des Matten mit der Anmut des Glänzenden und gestaltet damit jeden Raum außergewöhnlich und unnachahmlich durch die Beständigkeit des Feinsteinzeug.

L'inspiration de cette série nous vient de la terre cuite traditionnelle émaillée à la main, que avec surface spatulée, donne des reflets et des nuances authentiques.

Grâce aux plus récentes technologies de production, la prestigieuse et désormais rare procédure de fabrication est parfaitement maîtrisée et renouvelée où la force du matt et la grâce du glossy se jouent en rendant chaque ambiance unique et non répétitive, avec les performances de résistance du grès cérame qui rendent cette collection versatile.

CERAMICA GAZZINI E L'AMBIENTE

In accordo con la norma ISO 1402 "Environmental labels and declarations" si dichiara che:
L'azienda è impegnata nella continua innovazione tecnologica dei propri processi per realizzare prodotti sempre più rispondenti alle richieste del mercato e nell'ottica di:

- riduzione del consumo energetico dei processi di produzione;
- riduzione delle emissioni nell'aria e nell'acqua;
- miglioramento dell'informazione al consumatore e della gestione dei rifiuti.

Per limitare il proprio impatto ambientale CERAMICA GAZZINI S.p.A. opera come di seguito descritto:

- gli scarti di lavorazione sono completamente gestiti e riutilizzati;
- tutti gli stabilimenti produttivi sono dotati di impianto di depurazione delle acque a circuito chiuso con recupero totale degli scarichi idrici provenienti dal ciclo produttivo e nessuno scarico in ambiente;
- le emissioni gassose sono autorizzate dall'autorità competente, dotate di impianti per l'abbattimento degli inquinanti e sottoposte a controllo periodico per verifica del rispetto della legislazione vigente;
- i rifiuti industriali sono smaltiti in conformità alle direttive comunitarie;
- gli imballaggi sono destinati al recupero e riutilizzo;
- l'impatto acustico nell'ambiente è attenuato con l'utilizzo di tecnologie idonee.

Le piastrelle ceramiche prodotte sono:

- un prodotto con una lunga durata di vita
- riciclabili al termine dell'utilizzo

CERAMICA GAZZINI AND THE ENVIRONMENT

In line with the ISO 14021 standard "Environmental labels and declarations" we declare that:
The company is committed to the continued technological innovation of its processes to create products that increasingly meet the demands of the market and focus on:

- reduced energy consumption in production processes;
- reduced emissions into the air and water;
- improving consumer awareness and waste management.

To curb its environmental impact, CERAMICA GAZZINI S.p.A. has taken the following steps:

- manufacturing rejects are fully managed and reused;
- all the production units are equipped with a closed-circuit water purification plant with total recovery of liquid discharges coming from the production cycle and no discharges into the environment;
- emissions of gases are authorised by the competent authority, pollutant abatement systems are fitted and undergo periodic checks to verify they comply with the current laws;
- industrial waste is disposed of in compliance with the community directives;
- packaging is sent off to be recycled and reused;
- the acoustic impact on the environment is toned down via the use of suitable technologies.

The ceramic tiles produced are:

- a long-lasting product
- recyclable at the end of their use

PER UNA POSA OTTIMALE DEL PRODOTTO CONSIGLIAMO SEMPRE DI MESCOLARE ALMENO TRE SCATOLE DI MATERIALE.

For the best product laying results, material from at least three boxes should be mixed.

Für eine optimale Verlegung des Erzeugnisses empfehlen wir stets, mindestens drei Packungen Material anzumischen.

Pour une pose excellente, nous recommandons toujours de mélanger le contenu d'au moins trois boîtes.
